***Lyrics Adapted by Cathy Townley***

**D**                      **A**    **D**  
All joy and glory to our God, One voice to you we raise  
D                      D/F#    A            D            D                      A/C#    B    E    A  
Our God of healing and of hope, Please hear our      song of praise  
D                      D/F#    A                                      D/F#    G    D/A    A            D  
Our God of healing and of hope, Please hear      our song      of praise

**D**                      **A**    **D**  
Our brokenness you understand, Your tenderness we feel  
D                      D/F#    A    D    D            A/C#    B    E    A  
Redemption in your promises, Impassioned love    is real  
D                      D/F#    A                                      D/F#    G            D/A    A            D  
Redemption in your promises, Impas      sioned love      is real

**D**                                      **A**    **D**  
For all whose lives are sacrificed, Oppression they've endured  
D                      D/F#    A                      D    D            A/C#    B    E    A  
You came to earth to show the way, Equali      ty      is heard  
D                      D/F#    A                                      D/F#    G    D/A    A            D  
You came to earth to show the way, Equa      li      ty      is heard

**D**                                      **A**    **D**  
Oh Spirit bring your joy today, Please hear our deep desires  
D                      D/F#    A                      D    D            A/C#    B    E    A  
For us who know and those that don't, You stoke your    flames of fire  
D                      D/F#    A                                      D/F#    G    D/A    A            D  
For us who know and those that don't, You stoke your flames    of    fire
